SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 02/09/21 at 1100 hours:

- 107,195,703 (+367,118) total confirmed cases in 219 countries and territories.
- 2,342,287 (+11,882) total deaths.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 02/10/21 at 1000 hours:

- 27,030,549 (+91,034) total confirmed cases.
- 466,465 (+2,806) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 02/10/21 at 1100 hours:

- 3,362,981 (+8,390) total confirmed cases.
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

Atmospheric River Event

On 01/25/21 at 1000 hours, due to growing concerns of debris flows in recent burn scar areas with increased precipitation in the area, Emergency Operation Centers are activating in support for potential impacts. **Update:** As of 02/10/21, The weather event has passed, Monterey County has their Emergency Operations Center (EOC) activated for recovery efforts.

Activations

- Monterey County Emergency Operation Center (EOC) activated to Level 2.
 - Operational Period: A Shift – 0800-1700 hours, Duty Officer – After hours

Proclamations

- On 01/27/21 at 1432 hours, Colusa County submitted a Proclamation of a Local Emergency due to the Atmospheric Weather event. The County has no requests for State assistance at this time.
- On 01/27/21 at 2124 hours, Madera County submitted a Proclamation of a Local Emergency due to the Atmospheric Weather event. The county is requesting CDAA.
- On 01/29/21 at 1254 hours, Monterey County submitted a Proclamation of a Local Emergency due to the Atmospheric Weather event. The county has no requests for State assistance at this time. On 02/03/21 at 1044 Monterey County submitted a ratified Proclamation requesting CDAA.
- On 01/29/21 at 1307 hours, the City of Sacramento submitted a Declaration of a Local Emergency due to the Atmospheric River event. The city is requesting State and Federal assistance.
- On 02/02/21, 1942 hours, Calaveras County submitted a Proclamation of a Local Emergency due to the Atmospheric Weather Event. The county is requesting CDAA and Federal assistance.
- On 02/03/21, 0809 hours, Tuolumne County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is requesting CDAA and Federal assistance.
- On 02/04/21, 1006 hours, Sacramento County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is requesting CDAA and Federal assistance.
- On 02/04/21, 1505 hours, San Luis Obispo County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is not requesting any assistance at this time.

SITUATION SUMMARY

Atmospheric River Event (Continued)

Proclamations (Continued)

- On 02/04/21, 1821 hours, San Benito County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is not requesting any assistance at this time. [On 02/10/21 at 1323 hours, San Benito County submitted a resolution requesting State and Federal assistance.](#)
- On 02/08/21, 1317 hours, Santa Cruz County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is requesting CDAA and Federal assistance.
- On 02/08/21, 1713 hours, Mariposa County submitted a Proclamation of Local Emergency due to the Atmospheric Weather Event. The county is requesting CDAA.

Cal OES COASTAL REGION

Chevron Long Warf Spill, Richmond, Contra Costa County

On 02/09/21 at 1525 hours, the California State Warning Center (CSWC) received a Spill report from the Chevron Refinery in Richmond, Contra Costa County. Oil and gasoline released into the San Francisco Bay, released at a rate of 5 gallons per minute for an unknown total amount of oil released into the water. The release has been stopped and cleanup efforts are underway. Spill report number 21-0762. Cal OES is continuing to monitor this event and will provide updates as warranted.

Per CalOES Maritime

- Chevron Level 2 incident (used for hazardous material releases, or potential releases, that may go off-site and may have adverse health consequences for those with sensitivities).
- Public health advisory sent for portions of Richmond, North Richmond and San Pablo. [Health advisory was lifted on 02/09/21 at 2100 hours](#)
- [Chevron, OSPR and USCG are the lead organizations for the cleanup](#)

Office of Spill Prevention and Response (OSPR)

- Field Response Team (FRT) is on-scene
- [Sensitive habitat areas have been protected](#)
- [No sheen on the water observed south of Point Richmond](#)
- [None of the material released will sink, it will all remain on the surface or wash on shore](#)
- [There is still no time-line for cleanup established](#)
- [No approximation on the volume of material released \(the 600 gallon amount is unverified\)](#)
- [No impact to wildlife has been observed at this time](#)
- [Minimal shoreline impacts \(one private beach impacted\)](#)

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

02/10/21 - 02/16/21

Wednesday

- Patchy dense fog possible across some valley locations through this morning, with otherwise quiet and mild conditions today and tonight

Thursday - Tuesday

- Several storms will impact the state Thursday and into early next week, bringing widespread precipitation to much of northern and central California, and more spotty precipitation to southern California
- No one storm looks particularly strong and all will be fast-moving, greatly reducing the risk for significant burn scar runoff
- Travel impacts are possible in the mountains due to accumulating snowfall and gusty winds
- In total, moderate to locally heavy snowfall amounts are expected over the Sierra and northern California higher mountains by early next week, with mainly light to moderate rainfall amounts for the lower elevations

CALIFORNIA WEATHER IMPACTS

02/10/21 - 02/16/21

<u>Hazards / Day</u>	WED	THU	FRI	SAT	SUN	MON	TUE

Friday

Precipitation (inches)

WEATHER OUTLOOK

02/15/21 - 02/23/21

6-10 Day Outlook (February 15 – February 19)

Temperatures

- Near normal temperatures are favored for the majority of the state, with the exception of far northern California where below normal temperatures are favored

Precipitation

- Above normal precipitation is favored for northern California, with near normal precipitation favored across central portions of the state, and below normal precipitation is favored for southern California

8-14 Day Outlook (February 17 – February 23)

Temperatures

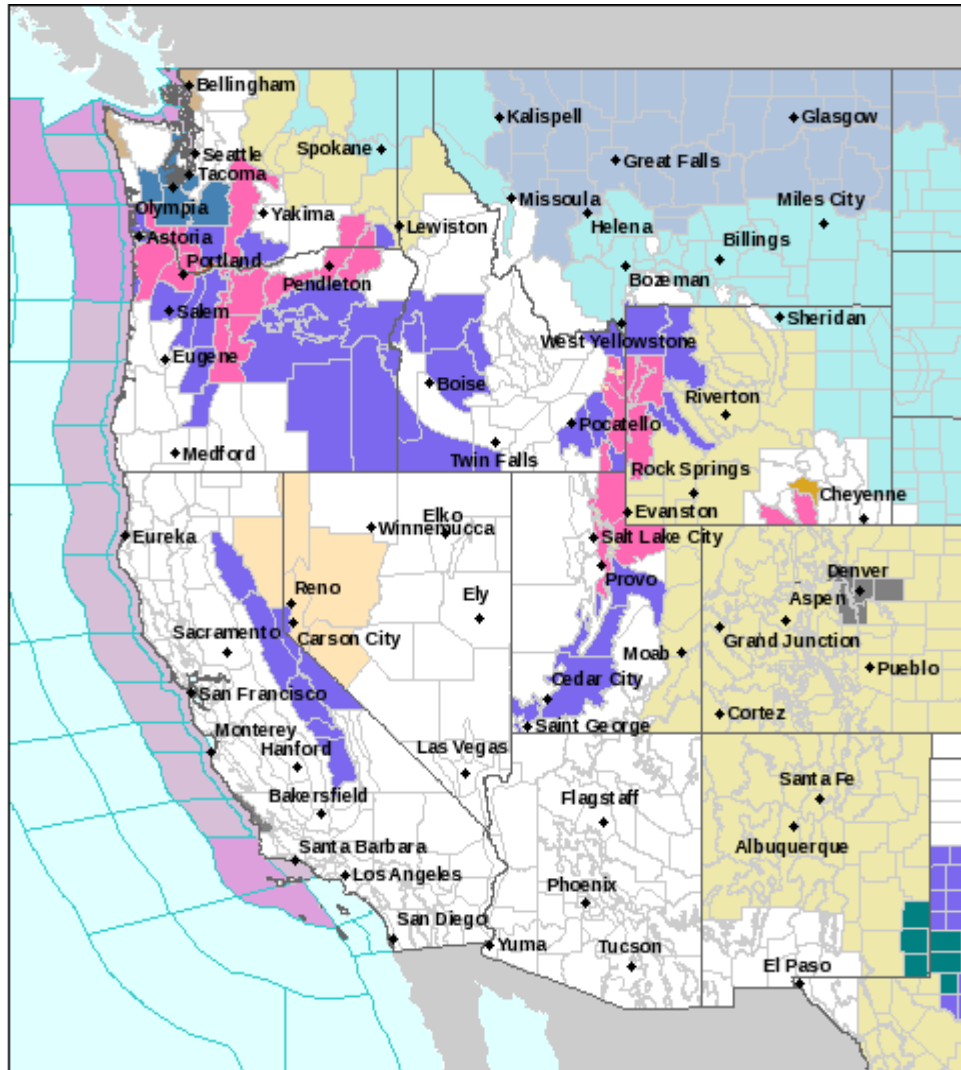

- Below normal temperatures are favored across northern California, with near normal readings favored for the remainder of the state

Precipitation

- Below normal precipitation is favored for central and southern California, with near normal precipitation favored for northern California
